2022 MEDIA KIT

ABOUT US

Metal Roofing Magazine is part of a growing network of magazines and trade shows owned by Shield Wall Media. Since its launch in 2001, it has grown to a circulation of more than 25,000.

This business-to-business magazine is the only publication specifically serving the needs of the metal roofing industry. The world of metal roofing is unique at every stage of the process, and *Metal Roofing Magazine* is there for it all, from coil and coating to manufacturing, installation and maintenance. *Metal Roofing Magazine* delivers valuable insight from the experts in the field, the latest in technical and technological advancements and how best to utilize the information, and details about the latest components and best practices surrounding metal roof construction, repair, and replacement. Whether print or online, when your advertising message appears in *Metal Roofing Magazine*, it will reach an audience of people seeking assistance and expertise about metal roofing from a source they trust.

HOW METAL ROOFING MAGAZINE IS UNIQUE:

- It helps you stay on top of happenings in the industry and aware of advancements in metal roofing.
- Articles and information come directly from the source: industry professionals. You can trust that you are gaining expert advice and insight.
- It connects you with all the contacts you need to conduct and grow your business.
- Published seven times a year, including annual favorites like the The Idea Book, *Metal Roofing Magazine* helps you gain adaptable knowledge and inspiration.

GARAGE • SHED • CARPORT **BUILDER SHOW**

Since we publish magazines that have been around for decades, Shield Wall Media has long-standing relationships with suppliers and manufacturers. The Garage, Shed & Carport Builder Show brings many of them together so builders of special-use residential structures can find the materials and services they need all in one place. In addition to a robust exhibit hall, the show includes educational sessions and other networking opportunities for manufacturers and shed builders.

Construction **Rollforming** Show

The Construction Rollforming Show is unique. If you roll form or use benders or brakes to form panels, channel, studding, soffits, gutters, carport or other construction components this is your show. The educational programming and exhibitors are tailored specifically to companies that roll form or metal form for the construction industry. This IS NOT a show for small contractors. This is a specific niche of manufacturers and builders large enough to do their own fabrication and buy materials and components in pallet, container or truck load lots.
